

# Using Search to Find Contacts: Exercise

Report the number of contacts returned for each search.

1. Find all contacts on Wallingford Rd: \_\_\_\_\_
2. Find all contacts in zip code 27101: \_\_\_\_\_
3. Find all contacts with the first name James: \_\_\_\_\_
4. Find all contributions made this year for more than \$100: \_\_\_\_\_
5. Find everyone who attended the Stop the ICE Raids: Street Protest:  
\_\_\_\_\_

Extra Credit.

Log into your organization's database and run three searches that return useful information for your work. Be prepared to report on what the searches were and what the results were and why it is useful to you.
